## PROFILE SUMMARY

Dedicated IT student with practical experience in web development, skilled in building responsive and dynamic interfaces using React. Experienced in designing and developing modern front-end solutions and eager to apply technical strengths in an internship role. Seeking an opportunity to contribute to real-world projects, support development teams, and gain hands-on experience in modern development environments.

## TECHNICAL SKILLS

- **Programming:** Python, C, C++, Java
- **Web:** HTML, CSS, JavaScript
- **Tools:** Git, VS Code
- **Database:** MySQL, MongoDB
- **Frameworks/Techologies:** React, Angular (Basic)

## PROJECTS

- **Portfolio Website (React)**-Built a responsive personal portfolio using React components and clean UI design to showcase skills and projects
- **Job Registration App**-Developed a React-based job registration form with validation and state management for structured user data entry.
- **Recipe Finder App**-Created a recipe search application in React that fetches live API data and displays dynamic results with a user-friendly interface
